Jl. Menjangan 50C. Pakuncen, Wirobrajan, DIY

A fresh graduate from PGRI University Yogyakarta majoring in Informatics. Despite being a new graduate, you have gained a lot of work experience in the field of web development. This experience has provided you with practical knowledge and skills in developing effective and efficient websites and web applications. With a solid combination of education and work experience, you are ready to take on challenges and grow in your career in the field of information technology.

Work Experiences

Swalayan - Sengkang, Indoensia

Jul 2019 - Mar 2020

Cashier Application

A grocery store, commonly referred to as a supermarket, is a retail establishment that sells a wide range of food and household products. It is a self-service store where customers can browse through aisles and select items they wish to purchase. Grocery stores typically offer a variety of fresh produce, packaged food items, beverages, personal care products, cleaning supplies, and sometimes even non-food items.
